

LC-MPO

PATCH PANEL

*Intrafacility Multifiber Optical Cable
assembly with LC-MPO Patch Panel*

OSTenp.Co.,Ltd.
<http://www.ostenp.com/>

Application:

Telecommunication room
Data center room
Cloud computing data center
Fiber channel storage area network

Features:

1. High fiber counts with small cable OD and reduced bending radius.
2. Advance fanout kit design for multifiber assembly to enhance the strength of whole cable up to 10KGS.
3. Easy for installation and save the cost of maintenance and management.
